REPORT OF THE COUNTY COMMISSIONERS.

In compliance with the requirements of the Laws of New Hampshire, the County Commissioners for Hillsborough County herewith present a statement of all the expenditures of the County over which they have any control, for the year ending December 31, 1871.

The management of the Almshouse and the productions of the farm, have been very satisfactory. The crops have been fully equal to past years, notwithstanding the severe drouths of the two past seasons, the full details of which will be found elsewhere in this report. The hay crop has been unusually large for this season, for the number of tons being about the same as last year, but on account of a short crop elsewhere, the value is much enhanced. The mowing lands are in good condition; last spring especial pains were taken in sowing a large amount of grass-seed upon that portion of land which had been injured by the drouth and the severity of the Winter. The Pasturing upon the farm has deteriorated so much as not to furnish sufficient feed for the large number of cows kept upon it, consequently we were obliged to purchase grain largely for summer use, and we doubt the exepediency of continuing the raising of milk to sell from the farm. The Potato crop has been larger than usual (2257 bushels) of very fine quality.

In our last report, mention was made of the necessity for better accommodation for the sick; an addition of ten rooms has been made for that purpose, which will prove very beneficial to the institution.

The average number supported on the Almshouse the past season is 111, of this number, 40 are Insane, or partially so; 12 Idiotic; most of the remaining 59 are aged, 17 of which are between 70 and 80, and 13 between 60 and 70, quite a number are very feeble, and there are but very few at the farm able to perform much productive labor. The number of children that have attended school is 16,

of that number, and including two others quite young; five have been sent to the Orphan's Home at Franklin, N. H., and six to the Children's Mission Home in Boston, leaving six at the farm who are mostly idiotic, and will probably remain there and be an expense to the County while they live.

The sanitary condition of the institution is good. Owing to the healthy location and particular attention had to the cleanliness of the inmates, there have been but few cases of severe sickness, and few deaths, the particulars of which may be seen by referring to the report of Dr. Trevitt, who has satisfactorily performed his duties.

Religious services have been regularly held during the year. Funeral services have been performed at the burial of all the dead interred in the county cemetery. The Rev. S. C. Flehcher has devoted much time to the religious instruction of the inmates, and we desire to tender him our thanks for the deep interest he has taken in their spiritual welfare and happiness. Attention is called to his report also.

Permanent improvements made during the year consist of ten rooms finished for the better convenience of the sick, at an expense of \$474.54. The grounds adjoining the almshouse and insane ward, composed of clayey soil, was a source of much inconvenience during wet weather. This has been obviated by laying a concrete walk costing \$144.00, which proves very beneficial to the large number of inmates who occupy the buildings. The brick house, which has heretofore been warmed by stoves, consuming a large amount of wood, is now heated by steam, as the steam boiler is of sufficient capacity to furnish heat for this as well as the other buildings with very little extra expense for fuel. The piping and radiators were put in at an expense of \$250.00. Total amount of these improvements is \$868.94, which has been charged to the cost of the Farm. These improvements will add very much to the comfort and convenience of the inmates. The money has been judiciously expended.

A new steam pump has been purchased for the boiler house, to take the place of one which has been in constant use for the last twelve years, and had become much worn and unfit for use, the cost of which was \$250.00 and is charged in the pauper expenses of this year.

The buildings are now in good repair, will require but small

outlays, if any, for the present, except painting the Alms House and Insane Building, which will be necessary to have done the coming season.

REFORM SCHOOL.

There are at this institution 35 boys and girls, for whom the County has paid the sum of \$2579.24 for their support the past year. The expense in this department is rapidly increasing, as will appear in the table below.

| Amount | paid | 1867 | | 0 | | \$1195.25 |
|--------|------|------|---|----|--|-----------|
| 46 | - 66 | 1868 | | | | 1698.74 |
| " | 66 | 1869 | - | | | 1620.34 |
| - 66 | 66 | 1870 | | | | 1924.26 |
| - 46 | 66 | 1871 | | 4. | | 2579 24 |

INSANE ASYLUM.

It will be seen that there has been a larger number at the insane asylum the year past than formerly. The sum paid for their support has been \$562.73. The amount charged for each person sent by the Commissioners is \$4.75 per week, whereas, if the same persons had been sent there by their friends, the charge would have been but \$2.75 per week, and we see no good reason why paupers supported at the Asylum by the county should not be kept at as low a price as any other poor persons, as there is a large annual appropriation made by the State for the indigent insane.

The amount raised by taxation, as will be seen by the Treasurer's Report, was \$45,000.00, and the debt has been reduced the past year \$729.63.

We again express full confidence in our efficient Superintendent, G. G. Bumpus, Esq., who has discharged the duties of his responsible station, to our entire satisfaction, and so as to secure the greatest good to all under his care.

And we would not forget the Matron, Mrs. Bumpus, who is unceasing in her efforts for the comfort of, and her attention to the wants of all, manifesting her kindness of heart by doing them good as she has opportunity.

We cheerfully accord commendation to the employees of the institution for their general faithfulness in the discharge of duty.

WILLIAM W. JOHNSON, GEORGE W. RIDDLE, HIRAM T. MORRILL,

County Commissioners.

COUNTY FARM REPORT.

INVENTORY OF PROPERTY ON COUNTY FARM, JANUARY 1, 1872.

| Decrease of inventory, | 1,874 57 |
| Deduct for produce and stock sold from the Farm the same having been paid into the County Treasury, | \$17,253 30 6,045 24 |
| This is the basis from which we have calculated week, the actual sum drawn from the County Treasupport of Paupers for this year is \$7,422 99 Add interest on Farm not paid from the Treasury, 1,660 50 Commissioners' services, 250 00 | |
| - | 9,332 49 |
| Add for deduction on manure and personal property, see inventory, | 1,874 57 |
| | \$11,208 06 |

Whole amount of board, furnished to inmates at the Farm for the year ending December 31, 1871, is 5774 weeks.

Dividing the balance against the Farm (\$11,208.06) by the number of weeks (5774), making the average cost per week \$1.92 37-100.

This appears to be thirty-seven cents and a fraction more per week than last year, but the difference in cost is substantially accounted for as follows. It has been customary to appraise the manure on the Farm at the time of taking the inventory and including it with the personal property on hand. This year, the

manure, if appraised, would be worth \$1,225.00, and would increase the inventory that amount. The manure being a part of the real estate, we see no propriety in appraising it, and therefore have left it out. In addition to this, as is well known, stock and other personal property have dimished in value within the past year or two, and we have endeavored to appraise the property at its cash value, which makes a further reduction of the inventory of \$649.57, making a total reduction of \$1,874.57. If the manure and other personal property were appraised at the same rate as last year, it would reduce the price of board to \$1.60 per week, which in reality, is the actual cost the past year.

The following statement shows the amount expended for the support of county paupers each year, at the farm, and off the farm, for eight years, ending Dec. 31st, 1871, inclusive, and exclusive of all sums paid for buildings and other permanent improvements,

including interest on real estate.

| | Average weekly number at farm. | Amount paid for paupers at farm. | Amount paid for paupers off farm. | Totals. |

PHYSICIAN'S REPORT.

TO THE COMMISSIONERS OF HILLSBOROUGH COUNTY.

Gentlemen:—I again have the honor to present to you an annual

report of the sanitary condition of the county almshouse.

The whole number of persons provided for during the year past has been two hundred and twenty-one, nearly all of whom, as is usual in such institutions, were persons who have been rendered unable to provide for themselves by reason of misfortune, sickness and insanity, or in many cases by vice and intemperance. .

The general health of the inmates under the above named circumstances has been good. No epidemic or contagious disease has invaded the institution, and no severe cases of sickness have had their origin there. This exemption from acute diseases is doubtless due in a great measure to the care and watchfulness of the Superintendent and Matron over the health of the inmates and their strict enforcement of the sanitary regulations of the institution.

The number of deaths during the year as shown in the accompanying table has been fourteen, all with one exception, the result of old age and incurable chronic diseases, under which the persons were laboring when brought to the institution, three or four of them hopelessly insane or idiotic.

There have been three births during the year.

Very respectfully yours,

H. TREVITT, M. D.

Wilton, N. H., January, 1872.

CHAPLAIN'S REPORT.

To the Commissioners of Hillsborough County:

Messrs:—Having attended to the duties of this appointment I

have the honor to report.

The regular monthly Sabbath service has been uninterrupted during the year. Besides this about one half of the time there have been services on some other Sabbath of the month than that of the regular appointment.

Funeral services have been performed at the burial of all the

dead interred in the county cemetery.

Considerable effort has been made to supply the inmates with religious reading by collecting tracts, religious papers, &c., which with the Holy Bible always in the rooms have given all who wished some opportunity for religious improvement as well as occupation for the weary hours. As we have had opportunity we have tried by personal conversation to console the sad, speak words of warning or kindly encouragement to those who here find a per-

manent or temporary home.

In addition to this statement of the religious privileges of the past year, a few words concerning the children may not be out of place. The solicitude expressed in last year's report concerning them while occupying the same yard with those sentenced for petty offences, would not be less but greater to-day were it not for the fact that the larger number of these children have been transferred to Orphans' Homes in this and other States. It is sincerely to be desired that plans may be perfected in this direction till no child shall be found here excepting in case of families temporarily relieved.

Only one want in this department will I plead this year. We need books, not few but many. A large library should be in the possession of the county. A very large majority of the inmates, especially the aged, can read, and it will add greatly to their contentment if they can have mental occupation. It is impossible under present arrangements to supply the demand.

If to you it seem proper, allow me to suggest that all the Sabbath Schools of the county be invited to send a contribution of books to the almshouse during the present year. I suggest this method of obtaining a library, not because the county is not able or generous enough to purchase books for its poor, but it seems to

me to possess two advantages over all others.

1st. It will awaken a healthful interest in this institution

throughout the county.

2nd. There will thus be obtained the religious literature of all denominations, and every one can select for his reading that most accordant to their wishes. In closing this report we are glad to refer to the high moral and religious influence exerted at all times by the superintendent and matron of the institution and all as-

sistants permanently employed. We have been very cordially assisted in the religious services by Rev. L. L. Lincoln of Wilton, Taggert of New Ipswich, Parkinson of Temple, and Whittemore of Lyndeboro, each of whom has preached once or more times during the year. The choirs of the several churches have furnished excellent music.

S. C. FLETCHER, Chaplain.

JAILER'S REPORT.

To the Honorable Board of Commissioners for the County of Hillsborough, the Jailer would make the following report:

| Number of prisoners in Jail January 1st, 1871, | 49 |
|--|-----------|
| Committed during the year, | 108 |
| | 157 |
| Discharged during the year, | 119 |
| | |
